Wallpapers

Before: a creator, a designer, an illustrator, working for fashion,
magazines, cinema, advertising, brands...
Last year, I decided to change my life.

My first collections : wallpapers, furniture and bags,
my travel partners

NEED FOR A CHANGE OF PACE

I moved in a loft in Milan with my daughters,
Josephine, fashion designer and Valentine who works in marketing, my 2 partners.
I love the energetic nature of Milan, its urban madness and its refinement.

Italy, Sicily, Venice, Andalusia...

I've always felt a need for going abroad. I've travelled a lot...
A stronger sensation of belonging to the world

AT HOME AS IF ON A TRIP

Late at night or early in the morning are two sacred moments to enjoy silence,
when I'm the only one awake in the house.
Breakfast time, I have a cup of tea and then immerse in all the pics
I brought back from my journeys.

Everything starts with a picture, a light, a colour, a feeling.
I look for details, think over and take note in my head of what I wish to illustrate.
Original creations and search for the most beautiful papers.
Thus, I dress the walls with those lights which stayed a long time inside of me...
The poetry of a matter, a sensation that will no longer be ephemeral
but really there in my living-room, bedroom, corridor, kitchen...

My third day starts lightly in the evening.
A nice terrace by a summer night, a chat with friends, something easy and simple...
A life style full of emotions?

Is how **ELISABETH LEROY** is created

SEVILLE

Unique mix of a rich culture and a tough nature,
authentic, simple, generous,
a mild way of life with a refined and elegant atmosphere.

A rough wall to enhance your living-room,
corridor, kitchen or bathroom...

JEREZ

In the deep heart of Andalusian lands,
the silk suit shines in the light.

Power of the links between this solar
hero and the king's horse
with his crazy mane and his gorgeous elegance.

Witness of a rich and millenary past,
the genuine andalusian culture...

AVE MARIA

Ave Maria! Queen of heaven,
Towards you my prayer raises !

My hope is in you !
When midnight unfurls his sails,
soul of shadow and love
Hail Mary!

Before your luminous presence, join the mystery of your
secret soul.

UNTIL THE NEXT HARVEST

Ripened wheat's soul, this wallpaper sings the light and sacred harvests. Similar to a blond sea waving/undulating under the wind's pat/cuddle.

Such as the sacred scarab, emblem of the sun and the ground,
pushed forward the azure, in a vital burst, warming up
motionless in the light's summer.

The cornflowers follow the dance animated by the wind.
In a few weeks, the wheat will be gold, then will come the
harvest's time.

SYROS

Between the sea and the sun, a nice getaway at the end of summer, a haven of peace.

A stony and dry land, inhabited by the sea.
It gives this island a crystal-clear fragrance
licked by the foam.

A humble paradise overlooking the sea.

IN NOTO PALACES

A fascinating journey where the old-fashioned charm
of Noto palaces draw a unique atmosphere.

The print of centuries has painted matter in layers of life.

It gives your wall nobility and authenticity.

IN SYRACUSE WIND

Bathing in the sun, Syracuse gives life to the stone
and colours the wall with warm shades.

The shiny silver reflections of the sea offer
moments of a rare romanticism.

The richness and serenity of Syracuse warm up your walls
with a genuine softness and fit any art of living.
